

# NAB SAP (Ariba) Business Network

## Receiving and Fulfilling Orders Quick Reference Guide (QRG)

National Australia Bank Limited

v2.0 – June 2024

# Introduction

This **quick reference guide (QRG)** provides instructions to effectively transact with NAB, via the SAP Ariba Network.

**Reporting** to extract reports from the SAP Ariba Network, please refer to the [General Functionality Guide](#) on the [Supplier Information Portal](#).

**This guide** provides steps and hints for the below activities, to set you up to successfully manage receiving and fulfilling orders, as a NAB supplier.

# 01

Order Inbox /  
Outbox

## Accessing your SAP Business Network Account

**Navigating** to your **Orders Inbox / Outbox Dashboard**

**Ensure that you are on the correct page**

1. From the **'home'** tab
2. Click on the **'Orders'** tab
3. Select **'Purchase Orders'** from the dropdown

The screenshot displays the SAP Business Network Enterprise Account dashboard. The navigation bar at the top includes tabs for Home, Enablement, Discovery, Workbench, Orders, Fulfillment, Invoices, Payments, Catalogs, Reports, and Assessments. The 'Home' tab is highlighted with a red box and a red circle containing the number '1'. The 'Orders' tab is also highlighted with a red box and a red circle containing the number '2'. A dropdown menu is open under the 'Orders' tab, with 'Purchase Orders' highlighted by a red box and a red circle containing the number '3'. Below the navigation bar, there is a search bar and a dashboard area with three cards: 'Matched Leads' (0), 'Invited Leads' (0), and 'Enablement Tasks' (0), all for the last 90 days.

# Purchase Order Inbox / Outbox

## Setting up Filters & Grouping Preferences

Use **Search Preferences** to identify and set order information, required for your user requirements.

From your Orders Inbox/Outbox Dashboard, is where you will manage and track your open and historical Purchase Orders.

4. Standard filter setting will appear, to *change or add new filters*:
5. Click on your initials
6. Select **'My Account'** from the dropdown

The screenshot shows the SAP Business Network 'Orders' dashboard. A blue box highlights the top navigation bar and the 'Orders' section header. A red box highlights the filter settings for 'Orders (86)', including fields for Customers, Order numbers, Creation date, Order status, and Company codes. A red circle with the number '4' is placed over the filter settings. A red circle with the number '5' is placed over the user initials 'JS' in the top right corner. A red circle with the number '6' is placed over the 'My Account' option in the user dropdown menu.

The **Account** settings screen will display.

7. **Tick the box** – 'Allow me to save filter Preferences in the Inbox/Outbox'
8. Click **'Save'**

The screenshot shows the 'My Account' settings screen. A red circle with the number '8' is placed over the 'Save' button. A red circle with the number '7' is placed over the checkbox labeled 'Allow Me to Save Filter Preferences in the Inbox/Outbox'.

# Purchase Order Inbox / Outbox

## Setting up Filters & Grouping Preferences

From your **Orders Inbox / Outbox Dashboard**

1. Select the **'Settings'** icon

The screenshot shows the SAP Business Network Orders dashboard. A blue box highlights the summary cards for Orders (86), Items to confirm (0), Items to ship (0), Return items (0), New orders (0), Changed orders (0), and Orders to invoice (0). A red box highlights the filter section, including 'Edit filter' (Last 365 days), 'Customers' (Type selection), 'Order numbers' (Type selection), 'Creation date' (Last 365 days), 'Order status' (Include), and 'Company codes' (Select or type selections). A red circle with the number '1' points to the 'Settings' icon in the bottom right corner of the dashboard.

2. **'Table Setting'** page appears.

From the **'Table Columns'** menu

- 'click' on **'Version'** & **'Revision'** from the **'Available columns'** list and drag into the **'Displayed columns'** list.

The screenshot shows the 'Table setting' dialog box. A red circle with the number '2' points to the 'Table columns' tab. The dialog has two main sections: 'Available columns' and 'Displayed columns'. In the 'Available columns' list, 'Revision' and 'Version' are highlighted in yellow. A red box highlights the 'Table columns' tab. A red arrow points from the 'Settings' icon in the previous screenshot to this dialog box.

The screenshot shows the 'Table setting' dialog box with the 'Column grouping' tab selected. A red circle with the number '3' points to the 'Column grouping' tab. The 'Available columns' list includes 'Customer', 'Ship To Address', 'Ordering Address', 'Order Status', 'Routing Status', 'Inquiries', and 'Revision'. 'Order Status' is highlighted in yellow and is being dragged into the 'Grouping' list. A red circle with the number '4' points to the 'Save' button at the bottom right.

3. Select **'Column grouping'** on side menu

'click' on **'Order Status'** from the **'Available columns'** list and drag into **'Grouping'** list

4. Select **'Save'**

# Purchase Order Inbox /Outbox

## Setting up Filters & Grouping Preferences

Your **Orders Inbox / Outbox Orders (Dashboard)** will now appear, with the additional filters you just added

1. The **Order Number** is the Buyers unique Purchase Order for the goods/services.
2. The **Revision** is the status of the version, e.g. Original, Changed, Cancelled.
3. The **Version** is the number of the order. 1 = the original order, 2 = changed order and so on.
4. The **Amount** is the total values of the purchase. It does not contain any taxes such as VAT.
5. The **Order Status** is the current status of the order, e.g. new, changed, invoiced. *Refer to page 20 for a full list of the **Order Status Types and definitions**.*
6. The **Amount Invoiced** is the total amount invoiced to date.

Continue to next slide, to learn how to **Edit filters**

The **Actions** allows documentation creation without opening the order.

**TIP:** The Columns can be sorted into alphabetical (A-Z or Z-A) or numerical (0-9 or 9-0) order by clicking on the column heading.

The screenshot shows the SAP Business Network Orders dashboard. At the top, there are summary cards for various metrics: 86 Orders, 0 Items to confirm, 0 Items to ship, 0 Return items, 0 New orders, 0 Changed orders, and 0 Orders to invoice. Below this is a filter section for 'Orders (86)' with various criteria like Customers, Order numbers, Creation date, Order status, Company codes, Purchasing organizations, and Customer locations. The main part of the dashboard is a table of orders. Red circles with numbers 1 through 6 are placed above the table headers to highlight specific columns: 1. Order Number, 2. Revision, 3. Version, 4. Amount, 5. Order Status, and 6. Amount Invoiced. The table contains several rows of order data, including columns for Order Number, Type, Revision, Version, Customer, Routing Status, Amount, Date, Order Status, and Amount Invoiced. The 'Order Status' column is highlighted in yellow for several rows, and the 'Amount Invoiced' column is also highlighted in yellow for some rows.

Order Number	Type	Revision	Version	Customer	Routing Status	Amount	Date	Order Status	Amount Invoiced
4900029123	Order	Cancelled	1	NAB	Sent	₫150000 VND	Sep 26, 2023	Changed	
4900029203	Order	Cancelled	1	NAB	Sent	₫1250000 VND	Oct 25, 2023	Changed	
4900029270	Order	Cancelled	1	NAB	Sent	₫2842100 VND	Nov 13, 2023	Changed	
4900029202	Order	Changed	2	NAB	Acknowledged	₫100000 VND	Oct 25, 2023	Changed	
4900029131	Order	Original	1	NAB	Acknowledged	₫15000000 VND	Sep 27, 2023	Invoiced	₫15000000 VN
4900029121	Order	Original	1	NAB	Acknowledged	₫10000000 VND	Sep 26, 2023	Invoiced	₫10000000 VN

# Purchase Order Inbox /Outbox

## Adjusting and selecting Filters & Grouping Preferences

You can track and review all your Purchase Orders using the filter options.

From your **Orders Inbox / Outbox Dashboard**, filters can be applied to help you search for a specific purchase order or group of purchase orders.

**For example you can filter by:**

- all orders with a specific status e.g. **'changed'**
- all orders that have been created in a particular date range e.g. **'Last 30 days'**
- all orders for a specific company e.g. **'NAB'**

**1.** You can apply multiple filters at the same time like, **last 365 days with a status of 'changed'**.

The screenshot shows the SAP Business Network interface for the 'Orders' section. At the top, there's a navigation bar with 'SAP Business Network' and 'Enterprise Account'. Below that, a menu bar includes 'Home', 'Enablement', 'Discovery', 'Workbench', 'Orders', 'Fulfillment', 'Invoices', 'Payments', 'Catalogs', 'Reports', and 'Assessments'. The main content area displays a summary of orders with seven cards: 'Orders' (86), 'Items to confirm' (0), 'Items to ship' (0), 'Return items' (0), 'New orders' (0), 'Changed orders' (0), and 'Orders to invoice' (0). Below the summary, there's a filter section for 'Orders (86)'. A red circle with the number '1' highlights the 'Edit filter' button. The filter settings are: 'Last 365 days' for the date range and 'Changed' for the order status. Other filters include 'Customers', 'Order numbers', 'Company codes', 'Purchasing organizations', and 'Customer locations'. At the bottom right, there are 'Apply' and 'Reset' buttons.

# Purchase Order Inbox /Outbox

## Adjusting and selecting Filters & Grouping Preferences

From your **Orders Inbox / Outbox Dashboard**, filters can be applied to help you search for a specific purchase order or group of purchase orders.

**6.** The **Apply & Reset** buttons allow you to apply new filters or remove (reset) existing filters.

**2.** **Customers** select or type the name of the Buyer.

**3.** Key in the Order number if you know it. Select **'Exact match'** to further refine results.

**4.** Select from the a date range within the dropdown options to pinpoint a specific date or date range.

**5.** The **Order Status** needs to be changed to **'Include'** to then select the status type.

Select the relevant **Order Status** type. Refer to page 15 for a full list of the **Order Status Types and definitions**.

## Reviewing Purchase Order Status

# Reviewing Purchase Orders Status

## Changed and Cancelled orders

Your **Orders Inbox/Outbox (Dashboard)** contains filters that will help find orders with a Status of **'Changed'**.

### 1. Ensure that you are on the correct page

Select **'Purchase Orders'** from the dropdown

### 2. Select **Changed** from the **Order Status** filter to show all orders that have a status of **'Changed'**.

3. Select **Creation Date** to refine your search further, to display within a chosen timeframe.

### A Changed order is triggered when:

- The Supplier has proposed changes on the Order Confirmation or contacted the requestor.
- A price change has been accepted by the Buyer.
- The order was rejected because the wrong information was sent by the Buyer.
- The purchase order had too many errors for the Supplier to correct.
- The Buyer will contact the supplier where the proposed changes are not accepted based on trading agreements.
- Invoicing for an amount different to that shown on the Purchase Order will result in the invoice being rejected and the may delay the process.

The screenshot shows the SAP Business Network 'Orders' dashboard. A blue box highlights the top navigation bar where the 'Orders' dropdown is selected (1). Below this, a summary row shows 86 orders, 0 items to confirm, 0 items to ship, 0 return items, 0 new orders, 0 changed orders, and 0 orders to invoice. A filter bar below the summary shows 'Last 365 days' and 'Changed' selected (2). The 'Creation date' filter is also set to 'Last 365 days' (3). A table below shows a list of orders with columns for Order Number, Revision, Version, Customer, Routing Status, Amount, Date, Order Status, Amount Invoice, and Actions. A red box highlights the 'Revision' column, showing 'Cancelled' for three orders and 'Changed' for one (4).

Order Number	Revision	Version	Customer	Routing Status	Amount	Date	Order Status	Amount Invoice	Actions
4900029123	Cancelled	1	NAB	Sent	d150000 VND	Sep 26, 2023	Changed		...
4900029203	Cancelled	1	NAB	Sent	d1250000 VND	Oct 25, 2023	Changed		...
4900029270	Cancelled	1	NAB	Sent	d2842100 VND	Nov 13, 2023	Changed		...
4900029202	Changed	2	NAB	Acknowledged	d100000 VND	Oct 25, 2023	Changed		...

**IMPORTANT** - All **Changed AND Cancelled** orders will display an **Order Status = 'Changed'**.

4. Only the **Revision** filter will help indicate if the order has been **cancelled or changed**.

To add the **Revision** filter - refer back to page 5 of this guide.

# Reviewing Purchase Orders Status

## Reviewing **Changed** orders – Header and Line Level

1. All **Changed** orders will appear in orange colour font, for both the Status and the Amount

### Examples of changes include:

- Quantity of goods ordered and subtotals in relation to that

The screenshot shows the header of a purchase order. On the left is the 'nab' logo. Below it, the 'From' information for Vietnam Software Development Center Company Limited is listed. On the right, the 'To' information for Test Supplier Viet Nam 1 is listed. A red box labeled '1' highlights the purchase order details: 'Purchase Order (+ Changed) 4900029202 Amount: 100,000 VND'. Below this, it shows 'Amount: - 50,000 VND' and 'Version: 2 (Previous Version)'. A 'Track Order' button is at the bottom right.

Line #	No. Schedule Lines	Change	Part # / Description	Type	Return	Qty (Unit)	Need By	Unit Price	Subtotal	Show Item Details
1		<b>+ Edited</b>	NICV Stationery_Notebooks	Material Amount-Based Line		2 <del>±(EA)</del>	25 Oct 2023	50,000 VND	<b>100,000 VND</b> <del>50,000 VND</del>	<a href="#">Details</a>
									Sub-total: - 50,000 VND	Sub-total: 100,000 VND

2. Line items with 'Edited' indicate a change.

3. Changed items will have a line through the original information.

The new changes will appear in **orange colour** font.

**Subtotal** will reflect the changed amount.

# Reviewing Purchase Orders Status

## Reviewing **Cancelled** orders – Header Level

1. To find **Cancelled** orders, first filter on **Order Status = 'Changed'**

2. Filter on **Revision = 'Cancelled'**

### IMPORTANT

All **Cancelled** orders will display with an **Order Status = 'Changed'**

Only the **Revision** filter will indicate if the order has been cancelled.

To add the Revision filter – refer back to page 5 of this guide.

## Update Items at Header Level

1. From here you can add **Shipping Cost** if not already included in the cost of goods purchased by National Australia Bank
2. Shipping can be added at **Header Level** (for the entire PO) or at **Line Level** (only associated with one line item in the PO)
3. You can add **Attachments** to your invoice. Please add the PDF of your invoice and also upload the XML file.
4. For local vendor: please enter the combination of the serial number and invoice number when you key in your invoice number in field "Invoice #", with a limit of 16 characters. A required format of this field must be: [SERIAL NUMBER]-[invoice number]. For example: combination of the serial number and invoice number is 1C24TYY-00000127, key in number should be 1C24TYY-127 due to character limitation. If your invoice should be rejected and you are required to re-submit the invoice, please add the character 'a' after your invoice number to make it different from the rejected one. For example: 1C24TYY-127a.
5. Input a description of goods & services based on the invoice.

**Notes:** NAB Ariba only accepts to key-in the e-invoice on the same date when it's officially issued.

# Raising Invoices (against a Purchase Order)

Invoice Creation Process – **Standard Invoice** update at **Line Level**.

**i** There is no need to enter any Withholding tax rate as Sourceline will automatically determine based on the tax table.

## Update Items at the Item Level

1. Select **Insert Line Item**; you can add **Tax Line Level**
2. Select the correct tax rate
3. Select **Next** for the next step

**i IMPORTANT**

- For International suppliers (i.e. AU supplier) **supplying to Vietnam**, the line level tax should be selected as **0% VAT**
- **Local Vietnam Suppliers** will have to select from a list of available tax rates

# Purchase Order Status

The **order status** identifies the journey of the documents (order confirmation & invoices) through the SAP Ariba Network between NAB Vietnam and the supplier.

Order Status	Definition
<b>New</b>	Initial state. You have not updated the order status.
<b>Changed (includes cancelled orders)</b>	Your customer cancelled or replaced the order by sending a subsequent (changed) order.
<b>Confirmed</b>	You agreed to ship all line items.
<b>Confirmed with New Date</b>	The order confirmation has a different <b>Start Date</b> or <b>End Date</b> than the order, but no other change(s).
<b>Confirmed with Changes</b>	The order confirmation has a different <b>Expected Value</b> than the order, and also has a different <b>Start Date</b> or <b>End Date</b> , or both.
<b>Partially Confirmed</b> <b>Partially Shipped</b> <b>Partially Serviced</b> <b>Partially Invoiced</b> <b>Partially Rejected</b>	<p>The order is in progress.</p> <p>If you update part of the purchase order, SAP Business Network reports the partial status for the entire order. For example, if you partially confirmed an order and then you partially ship either the previously confirmed order line or a different order line, the purchase order status is set to <b>Partially Shipped</b>. You can still continue to confirm order line items regardless of the shipping status until you have confirmed all order lines.</p> <p>For service orders, you can continue to create service sheets for unplanned service lines up to their hidden maximum amounts (which might be larger than their subtotals) or planned service lines up to their subtotals. The service order status is set to <b>Partially Serviced</b> until all of the service lines are serviced.</p>
<b>Serviced</b>	The order is fully serviced. You cannot create any more service sheets for any more service lines in the order.
<b>Shipped</b>	Final state. You shipped the entire order.
<b>Invoiced</b>	The order is fully invoiced. The <b>Amount Invoiced</b> column shows how much money you have invoiced or charged against the purchase order. For older purchase orders, SAP Business Network displays <b>Yes</b> to indicating that you have submitted invoices.
<b>Received</b> <b>Partially Received</b> <b>Returned</b>	Statuses for receipts that are sent by the Buyer from their ERP system. The purchase order status is updated based on this information. On the <b>Order Detail</b> page, each line item-detail section displays the quantity of goods received or returned for that line item, based on the information in the receipts.
<b>Failed</b>	SAP Business Network experienced a problem routing the order to your account. You can resend failed orders.

## Routing Status

The **routing status** identifies the journey of the documents (order confirmation & invoices) through the SAP Ariba Network between NAB and you, the supplier.

**Routing Status** indicates whether a purchase order or service order is queued, sent, acknowledged, or if routing failed. **SAP Business Network displays the following routing statuses for orders.**

Routing Status	Definition
<b>Queued</b>	Initial state. SAP Business Network received the purchase order but no further action was taken.
<b>Sent</b>	SAP Business Network sent the purchase order to your account.
<b>Acknowledged</b>	You received the order.
<b>Failed</b>	SAP Business Network experienced a problem routing the order to your preferred purchase order routing method. For example, your back end order fulfilment system could have experienced a problem that prevented SAP Business Network from successfully routing the order. You can resend orders that have a <b>Failed</b> routing status.
<b>Approved</b>	NAB has reviewed the invoice and it has been approved for payment.
<b>Paid</b>	The invoice has been paid
